School Nurses
All Others Concerned

1. Attached is a communication from Peace Corps Philippines announcing the conduct of a free virtual Massive Open Online Course (MOOC) Camp on **COVID Vaccine Ambassadors Training: How to Talk to Parents** from April 20-22, 2022.
2. The activity will be conducted by John Hopkins University, in partnership with the US Embassy through its American Spaces with Peace Corps Philippines and the United States Agency for International Development (USAID) Philippines.
3. The Camp is in line with the efforts to promote Covid-19 vaccination for children ages 5-11 and will help participants share knowledge about COVID-19, the vaccine, and engage in conversations about vaccine hesitancy.
4. Participants in the activity are as follows:
 - a. Medical Health Officer
 - b. Division Information Officers
 - c. School Nurses
 - d. School Information Coordinators
 - e. PTA Presidents
 - f. SSG and SPG Advisers
 - g. SSG and SPG Presidents
5. Participants are requested to register online on or before April 11, 2022 through this link: <https://bit.ly/CovidAmbRegistration1>.

Dear Dr. Paulin,

Greetings from Peace Corps Philippines!

Please find, attached, a letter from Peace Corps regarding distribution of Learning Activity Sheets (LAS) to select schools in the Division of Negros Oriental and invitation to participate in the Online Orientation on Utilization of LAS on April 19 at 09:00 am.

We hope you find everything in order. Please feel free to contact us if you have questions.

Thank you!

Best regards,

Ian Plata

Wed, Apr 6, 2022 at 10:59 AM

Dear Partners,

Greetings!

In line with our efforts to promote Covid-19 vaccination for children ages 5-11, the U.S. Embassy through its American Spaces, in partnership with Peace Corps Philippines, and the United States Agency for International Development (USAID) Philippines, is organizing a free virtual Massive Open Online Course (MOOC) Camp on "**Covid Vaccine Ambassadors Training: How to Talk to Parents**" from Johns Hopkins University, offered through Coursera. This MOOC Camp will help participants share knowledge about COVID-19 and the COVID-19 vaccine, engage in conversations about vaccine hesitancy in a respectful and empathetic way, direct people to credible sources for further information about COVID-19 vaccines, and effectively counter misinformation. With this, we hope to encourage more parents/guardians to have their children vaccinated against Covid-19 to help our country's efforts to safely transition to the new normal, and fully open up schools and the economy.

This program is open to all who face questions and inquiries about Covid-19 vaccination and those who are directly on the frontline of vaccine administration; parents, healthcare workers, teachers, local government volunteers, and students. The MOOC Camp shall run from April 20-22, 2022.

We would like to invite teachers and staff in your organization to join us! Register is on-going until April 11, 2022. Please register at <https://bit.ly/CovidAmbRegistration1>. Participants who will complete the online course shall receive the verified certificate from Johns Hopkins University through Coursera. E-Certificates of Participation from the U.S. Embassy will also be awarded. The total duration of the online course is two hours and MOOC Camp facilitators will be there to support and motivate everyone to finish the course in time for the graduation on the third day. Attached, please find a guide on how to register in the MOOC Camp and Coursera.

We hope for your positive response and we look forward to having you in this MOOC Camp. Feel free to reach out to us if you have any questions or clarifications.

Thank you very much!

Best regards,

Ian Plata
