**NATIONAL COMMISSION FOR CULTURE AND THE ARTS  
Philippine Cultural Education Program**

**2022 GRADUATE DIPLOMA IN CULTURAL EDUCATION / TEACHING THE ARTS (GDCE/TA)  
IMPLEMENTING GUIDELINES IN THE TIME OF COVID-19**

The Philippine Cultural Education Program (PCEP) is committed to ensure educational continuity amidst the challenges. Cultural Education must continue to give hope and stability, contribute to the normalization of activities in the country, facilitate development of our scholars and bring normalcy to their lives, but health and safety of scholars, faculty and project staff are of utmost importance and must be protected at all times.

NCCA-PCEP has been supporting the overall effort of the Philippine government to address this COVID-19 crisis by making informed, coordinated, and proportionate response, and adopting crucial policies to ensure continuity of quality education amidst the challenges of this crisis, hence the need to adjust the usual GDCE/TA calendar.

This policy aims to provide direction and guidance to Higher Education Institutions (HEI) Coordinators, Department of Education (DepEd) Regional Coordinators, Cultural Education (CulEd) Faculty and Scholars in planning their respective activities relative to the project. PCEP allows HEIs to exercise flexibility in determining the extent of adjustments for the implementation of GDCE/TA this year but are required to inform PCEP of the changes, transition plans and implementation.

Following the quarantine protocols, both CulEd Faculty and Scholars shall not report physically to their respective campus. HEIs will be allowed to implement the project provided that there will be no face-to-face classes until their area is allowed to open physically. Even in areas where HEIs are allowed to open, physical distancing will still be required, which will necessitate HEIs to combine face-to-face learning with distance learning. Where face-to-face is allowed, there will only be 15-20 scholars in each class in compliance with the social distancing measures set by the DOH.

HEIs must be consistent with guidelines of the Department of Education (DepEd), Department of Health (DOH), the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF), and the Office of President (OP).

The HEIs and respective Faculty must discuss alternative delivery modes of learning and may adjust their schedule of classes and submission of requirements. Some of the proposed modalities include the use of available online platforms (e-mail and/or social media accounts), mobile phones (SMS), landline phones, or any other means as agreed by the students and faculty, to be approved by the HEI. Video lectures and other learning materials will be communicated through the given medium.

HEIs have the option to conduct classes in advance and enrol the scholars when their institution opens.

Given the differing circumstances and capacities by scholars and households to cope with the new modalities of learning, some scholars may be left behind. Thus, efforts to provide remediation and enhancement activities shall also be given more attention. Faculty members are instructed to exhaust all possible means to assist the students in order for them to acquire the learning outcomes and pass their course.

Formative and Summative assessments may be conducted by the Faculty and HEI.

All of the provisions are subject for monitoring and evaluation by NCCA and PCEP, and all the gathered feedback mechanism shall be used to enhance the effectiveness of the existing guidelines.

### Background and Rationale

In 2001, Sen. Teresa Aquino Oreta sponsored the Republic Act 9155, "An Act Instituting a Framework of Governance for Basic Education, Establishing Authority and Accountability, Renaming the Department of Education, Culture and Sports (DECS) as a Department of Education (DepEd)". The salient feature of the law, as contained in Chapter 2, Sec. 8 indicates, "The KWF, NHCP, RMA, and TNL shall be administratively attached to NCCA, and no longer with DepEd". The program for school arts and culture shall remain part of the school curriculum, but the program for cultural education will be under the purview of the NCCA. The frameworks would cover formal, non-formal, and informal art and cultural education. With this development, NCCA drafted a Cultural Education Plan that serves as a blueprint for developing greater awareness, understanding, and appreciation of the Philippine arts and culture among Filipinos. The plan was structured along the lines of the Medium-term Development Plan for Culture and the Arts.

The plan aims to address several areas of concern raised: that the country's leaders and decision-makers do not give importance to culture as a vital component in national development; that support for cultural development, heritage preservation and promotion, and cultural education has been generally neglected; Among Filipinos in general, there is a lack of understanding and appreciation of Philippine culture and its importance to their lives and to the nation; Cultural education has not been given priority in the country's formal education system; Basic education does not clearly identify and define the basic socio-cultural concepts that need to be taught to students; neither are these defined in the textbooks or instructional materials for the teachers and students; Arts subjects are given less time in the school curriculum compared to the other subject areas; There are not enough qualified teachers of arts and culture in the elementary and secondary levels; Arts subjects are given less time in the school curriculum compared to the other subject areas; Many artistic and cultural organizations, both government and non-government, have cultural education programs but these programs are not designed and implemented in a coordinated manner for greater impact; Textbooks and instructional materials on arts and culture are insufficient; that the media which is seen as a potent tool in cultural education has not been fully explored and maximized.

Given these facts, the plan specifically defined its beneficiaries: primarily are the leaders and decision-makers in both the government and private sectors; secondarily are the students and the youth; thirdly are the teachers; fourthly are the communicators or the media; and fifthly are the general public. To ensure effectiveness of the plan, NCCA agreed to insert and deliver the program in the **FORMAL EDUCATION** (i.e., national level through the DepEd, CHED & TESDA), **NON-FORMAL EDUCATION** (i.e., regional or local level through cultural awareness seminar for the policy-makers and officers of the LGU's and prepared modules the Academy for Local Government), and **INFORMAL EDUCATION** through EDUCATION through the media. In 2002 the NCCA Board approved Resolution 2002-007 to support the Operational Expenses of the National Cultural Education Task Force.

For the full implementation of the plan, NCCA Board of Commissioners approved the Resolution No. 2007-104 recognizing the PCEP as the Philippine Cultural Education PROGRAM from being a

Philippine Cultural Education PLAN of the NCCA to be funded and operationalized by the Commission.

Since summer of 2008, the NCCA-PCEP, through several conduit-HEI partners nationwide, has been offering a credit-earning post-baccalaureate teacher enhancement program called Certificate Program on Cultural Education (CPCE), in 2010 HEI partners recommended to elevate the program into a Diploma program, CPCE becomes which is now formally known as the Graduate Diploma in Cultural Education (GDCE). In the context of culture-based instruction, we envision to strengthen the teacher's capacity' to deliver substantive instruction. Education for all should also mean the ability to shift paradigm to facilitate instruction which is relevant to the needs of the changing times as well as to be responsive to the demands of the industry. Secondly, education should also be focused on research development so that whatever is generated from the field can inform classroom instruction.
