**GUIDE IN THE CONDUCT OF THE  
SCHOOL LIBRARY AND LIBRARY HUB COLLECTION SURVEY  
(MARCH 2022)**

**Selection of Participants for School Library Collection Survey**

1. Three (3) schools divisions shall be randomly selected by the Regional Office. They can be selected through convenience sampling provided that these are one (1) small schools division, one (1) medium schools division, and one (1) large or very large schools division.
2. In each identified schools division, select schools with an existing school library following the matrix below:

School Size	Number of Schools for Inclusion in the Survey		
	Elementary School	Junior High School	Stand Alone Senior High School
Small	4	4	4
Medium	4	4	4
Large	4	4	4
Very Large	4	4	4
Total	16	16	16

3. In case the required number of schools per school size cannot be met, ensure that the total number per school type will be completed.
4. If the total number per school type cannot be met specially for small and medium schools divisions, maximize participation in the survey of all existing schools with a school library.

**Participants for Library Hub Collection Survey:**

1. Select all divisions with existing library hubs in the region to participate in the survey.
2. Provide the participating schools and library hubs the following links for the respondents to accomplish the survey:
  - a. School Library Collection Survey: (<https://bit.ly/22CSLCS>)
  - b. Library Hub Collection Survey: (<https://bit.ly/3pT4eMD>)
3. It is recommended that the participating schools/respondents be informed in advance and given a copy of the survey questions so that they can prepare the data prior to accomplishing the online survey.
4. Make sure that the participating schools/respondents will submit their responses on or before the deadline.

*Thank you for your cooperation.*
